Delivering Quality, Building Trust

Excellence, Reliability, and Commitment in Every Package

THINKING INSIDE THE BOX FOR **50 YEARS**

When it comes to packaging projects, you need a reliable, experienced team you can trust. With over 50 years in the contract packaging industry, Tenco Assemblies has built a proven track record of delivering quality results on time. We approach every project with the highest level of integrity and respect for you and your products.

Our focus is on the procedures, efficiency, and attention to detail that ensure success. At Tenco, all our thinking goes Inside the Box.

**SIMPLY SPECIFY THE TASK, AND WE'LL
HANDLE THE REST. YOU CAN COUNT
ON US TO DELIVER THE EXCEPTIONAL
RESULTS YOU NEED.**

SPECIALIZED CAPABILITIES

CARTONING

With four high-speed cartoning lines, Tenco excels in packaging OTC medications and personal care products with precision and efficiency.

SHRINK WRAPPING & SHRINK BANDING

Ideal for Buy One Get One offers and value packs, our shrink wrapping and banding services ensure products remain secure during transit and on retail shelves.

REWORK SERVICES

From updating branding and overlabeling incorrect UPC codes to reconfiguring packaging for new markets, we offer versatile rework solutions to get perfectly good products back on shelves quickly.

KIT ASSEMBLY

Whether it's cosmetic promotional pouches, subscription boxes, first aid kits, or SWAG bags, we assemble kits into polished, professional finished products tailored to your needs.

POP DISPLAYS

We create eye-catching point-of-purchase displays designed to promote retail products effectively, whether for standard retail locations or club stores.

QUALITY MINDSET

At Tenco Assemblies, every project begins with a commitment to quality and exceptional customer service. This shared mindset among our employees ensures we consistently deliver high-quality outcomes, earning the trust of our clients.

Key Components of Tenco's Quality Assurance Program:

- FDA and PA Department of Health Registrations: Ensuring compliance with strict industry regulations.
- Routine Production Inspections: Monitoring for quality and compliance at every stage.
- Warehouse Procedures: Effective lot and inventory control for seamless operations.
- Master Batch Records: Comprehensive documentation for accuracy and accountability.
